# Hiker's hut

- ☀ The hiker's huts are a functional and inexpensive form of accommodation. Every hut comes with a table, 4 chairs, 4 beds, a simple cooking area and heating. The advantage is that you don't need to drag along a tent, sleeping mats or cooker; a sleeping bag and pillowcase will suffice.
- ☀ Zilvermeer has five hiker's huts (15m<sup>2</sup>); you can cook yourself or eat out in one of our restaurants. There is no room to do any washing in the hut itself, but the recreation centre has excellent sanitary facilities.
- ☀ Pets are not allowed in the accommodations for hygienic reasons.
- ☀ A hiker's hut is the ideal place in combination with a cycling or hiking vacation. If you don't bring your own bike, you can rent one at the park (children's bicycles and seats as well). Even electric bicycles are available (please book in advance)
- ☀ Zilvermeer has been awarded the 'bicycle-friendly campsite' quality label. This label guarantees high-quality overnight stays, specifically focusing on bicycle tourists.

In addition, we combine our nature education vision with a well-considered and pedagogically justified sports and play programme.
